Dear Mr McKeown,

Re: Acceptance of New Safety Case for Drillforce Rig 6 Installation (21819999)

I am notifying you in accordance with Part 4, Regulation 30(3) of the Health and Safety in Employment (Petroleum Exploration and Extraction) Regulations 2013, that WorkSafe New Zealand's High Hazards Unit has completed the assessment of the Drillforce Rig 6 Safety Case, and has accepted the Safety Case without condition.

Please note that the Safety Case version referred to and accepted, is Version 1.1 dated September 2014, received by WorkSafe New Zealand's High Hazards Unit on 16 November 2015.

Please be advised that you must continue to ensure the safe operation of your installation in accordance with the abovementioned Regulations, and this includes full compliance with Schedule 4 of the Regulations.

Yours sincerely,

Donna Ellis
Acting General Manager
High Hazards and Energy Safety
